There were three centaurs , first one growing out of a dappled stallion named Mito as a foal he would say, 'Me to ,me to ...the second a brown stallion named Noyet who said , ' Not yet , Not yet ' The third centaur was a coal black stallion named Yonder who loved to wander. These three friends were like normal boys who pranced and cantered , were called to heel when boisterous. The centaurs roamed Eurasian jungles , sometimes they went out to bring peace between warring tribes

Centaurus constellation was clearly visible in the night sky , positioned over peak. That night Yonder had crossed the time bridge and brought Lassie back from the future world to live in ancient Sparta

Hera was the soul mate of Noyat while

Mito was a happy go lucky centaur

Yonder was the betroth of Princess Nephele hence the crown prince of the centaurs

Time bridge opened when the constellation were positioned correctly enabling time travel.

Lassie had been adopted by Yonder the Centaur . All the centaurs loved her and taught her all the riding skills King Orion in a peace pact between the Sparta and the centaurs gave her hand in marriage to Prince Leonidas Rhodes Princess Cynisca was her new title

Centaurus was the father of the race of the centaurs or Ixionidae. The centaurs are half-man, half horse; having the torso of a man extending where the neck of a horse should be, wild, savage, and emotional .

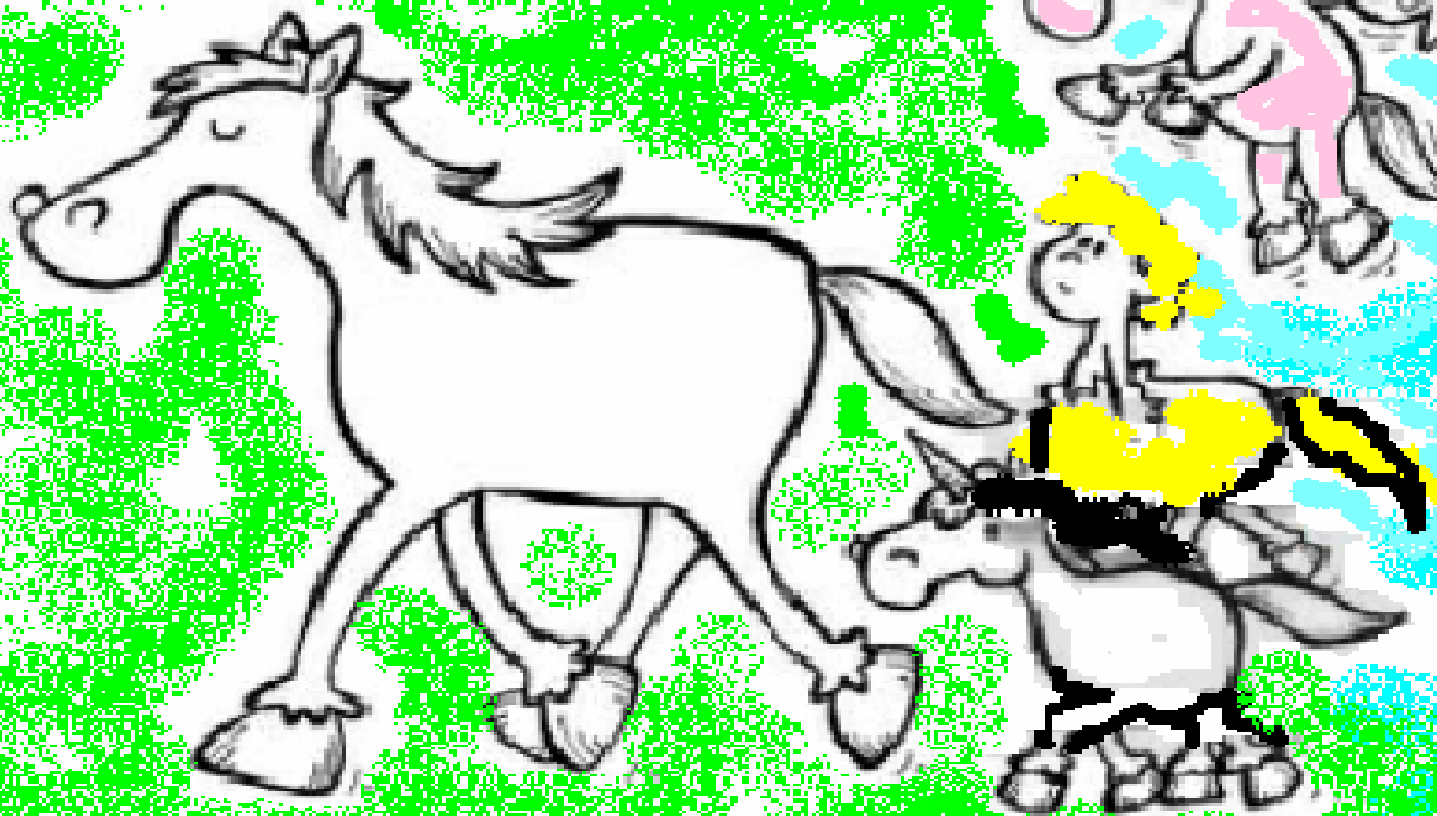

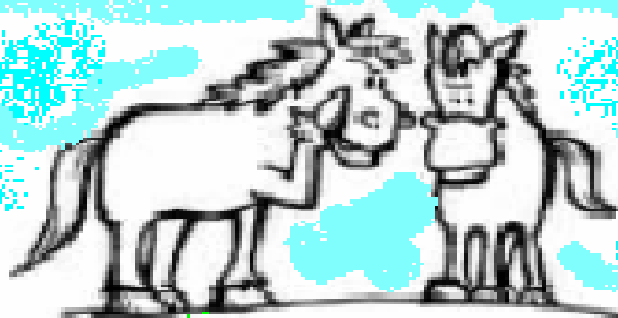

In spite of some physical differences , centaurs were like humans flirting with lady centaurs , some centaurs two timed their girl friends and there were cat-fights over certain handsome centaurs

MITO GOT HIMSELF IN A FIX

A centaurs life can be boring , all the time bouting with other warriors with swords , lances and knives . or archery in the hills otherwise carousing and drinking wine

Mito was tired with his life as a centaur for a change he became a clown , well it was'nt amusing at all.

Mito decided to change his life style from warrior to gardener and began to tend a orchard . He loved to search for rare flowers

One day while searching he wandered faraway from the forest . found himself at the sea shore and met a mermaid named Lolita , Indeed an immensely attractive fish .

It was love at first sight and the begining of trouble

Lord Neptune the Mer king was annoyed ,
who had his eyes on her !

Who wants to leave such a delicious morsel to a horse !

Mito has become totally bored with archery, swordplay and all wargames. He has found other ways to passtime .
